

*****Foster Parents, Clients, Family Members, etc*****

Vaccines are here.

Vaccines are our newest tool to help you prevent getting sick from COVID-19.

Until most people get vaccinated, it's still important to wear masks, wash hands, and stay apart from others.

Vaccination appointments are currently available for eligible Santa Clara County residents as early as 4/10/21:

Website contains the most up-to-date information about who is eligible for vaccination and how to get vaccinated.

Vaccination appointments can be made online at www.sccfreevax.org

****Residents without access to the internet can make vaccination appointments by phone for the County Health System sites through the Valley Connection Call Center at 408-970-2000**
