

August 30, 2023 DFCS Continuum of Learning Questions & Answers

All DFCS Continuum of Learning presentations are available at [Caregiver Supports and Community Information - Social Services Agency - County of Santa Clara \(sccgov.org\)](https://www.sccgov.org/caregiver-supports-and-community-information-social-services-agency)

- Click on Community Forums

Questions brought up in the meeting Chat are in this document.

Please see the recording link for questions that were brought up verbally.

CASE STUDIES

Case Study 1:

1. How are you in DFCS going to reduce and prevent the overrepresentation and discrimination of Latino children to about 65% at all levels of intervention?
 - DFCS is engaged in conversations with our DFCS Senior Leaders and others to look at disparity and disproportionality including the review of data. There is also the work we are doing through our prevention planning to support resources and services specific to impacted populations including Latino/ Spanish Speaking families. Lastly, there is permanency work we are beginning that will impact our families as well. We will be engaging the community to support us in our pathway forward. There is also partnership with the Children of Color Committee. The root cause analysis for disparity was just completed on opportunities in this work with children and families.

Case Study 2:

No Chat Question.

FATHER ENGAGEMENT

2. Are there any resources for Father Engagement Training and Fathers' Support Group?
 - The resources are provided in the link, [Promoting Meaningful Father Engagement \(caltrin.org\)](https://www.caltrin.org)
