

Do you need support with a transition? Are you working with a family or caregiver who needs support transitioning a child home or to a new placement?

Behavioral Health has a Transition Support Coordinator (TSC) who can offer support!

Here are some of the supports the TSC can provide:

- Consult with social workers and CFT facilitators
- Support the development of transition plans
- Attend CFTs to discuss and plan transitions that include: transitions home, to relative care, to permanency.
- Provide support, psychoeducation, and resources to caregivers
- Provide brief grief and loss support to caregivers
- Caregiver Support Group: 2nd & 4th Wednesday of the month from 12-1pm via Zoom

**To make a referral or consult, reach out to TSC Marie Canete, LCSW at:
(408) 642-4450 or Marie.Canete@hhs.sccgov.org**
